African Payment Solutions is a leading provider of debit card acquiring in Africa. We are continuously linking up new debit card brands across Africa so that African consumers can buy and pay with their local payment method of choice.

Benefits of accepting debit card payments

- You can accept local debit cards in Rwanda, Mozambique, Nigeria & South Africa
- Our secure and reliable systems have you open for business 24/7
- Debit card transactions are simply and securely acquired for you
- Our fraud management and payment security system screens transactions
- We are a pioneer and leader in online acceptance of debit cards in African countries

How e-Commerce debit card payments works

- Cardholder clicks to pay on the merchant's website
- Cardholder is directed to a payment page to enter debit card details
- On certain cards the cardholder is asked to enter PIN
- If the PIN is correct the transaction is accepted
- Once authorised the merchant's website is advised of the result
